*4:15 pm.
10/4/85 I was present; discussed this statement with Tony Melendez and he chose to understand the above warning and chose to make this statement. J. Carter*

On July 13, 1982, I came back to Waco with my cousins', we were working in Bryan. We got to Waco around 2 or 3 o'clock in the afternoon. I went to the Armidillo Club and drank some beer. I decided to go to a friends house that lived on Colcord Street and started walking in that direction. While I was going down 15th Street I saw David Spence in front of his mothers house. I stopped and talked to him and he told me that he was going to go pick up Gilbert and ask if I wanted to go. I told him I would go since I hadn't seen Gilbert in a while. We got in David's car, a two door Malibu and took off. We stopped at the store at 15th and Colcord and bought some beer. After we drove away from the store we ran into Gilbert on a side street and picked him up. We rode around for a while drinking beer and smoked some pot. David said something about going out to the lake and I said it was ok with me. I thought he meant out to Airport Park but he drove out to Kohne Park instead. We stopped at the Hilltop Store on Valley Mills and bought some more beer. When we turned into Kohne Park we turned to the left and drove down around the circle and then went back over to the other side. I remember a pickup and a car like a Trans Am or Camero parked at the top of the hill. We started down the hill and David stopped. I looked over and there was a small car like a Pinto stopped, I believe a Blonde haired girl was driving, it seems like David was talking to the dude on the passenger side. I didn't pay much attention. I was looking at the two girls, there was a dark haired girl in the back seat. They took off and we turned around and followed them back over to the

circle. David parked his car behind theirs and we got out and talked for a while. I talked mostly with the blonde. I remember that she said she was not from Waco but was down here visiting or something like that. I asked her if the boy was her old man and she said no that he was just a friend. I remember David was talking to the boy and asked him something about if he still had his bike. The boy said something like it was either broke down or in the shop. From the way they were talking I thought David knew the boy. We talked for a while longer and decided to go get some more beer. We all got in David's car and started to drive off. David said something to the dark haired girl that made her mad. They were arguing and David was grabbing her. She was trying to make him stop. As we drove around the circle, they were still arguing and David pulled off to the left on a gravel spot by a dumpster. He slowed down like he was going to stop then pulled on off down into the woods a little ways. The dark haired girl was telling him to leave her alone and I said let's get out. We all got out of the car except for the boy. David told him to get out. When the boy got out of the car, David stepped up to him and told him he knew that he would get even that he (the boy) should have known better than to burn him for the dope. I was by the dark haired chick and I looked over and my brother was at the front of the car with the blonde. David pulled out his knife and told the boy "Chili always gets even." I had a screw driver in my pocket that I picked up off the floor board before I got out. I was standing next to the dark haired girl and she started to go toward David. I grabbed her by the arm and told her to be cool, she won't get hurt. David grabbed

the boy and put the knife up to his chest and jerked him, the boy, went down and sat on the ground and didn't move or try to get up. David came over by me and grabbed the dark haired girl, and told her he was going to get his and that she should have never tried to take him for the dope. David walked her off a little ways from the car and I went with him. When we stopped, David pulled her down to the ground. He still had the knife in his hand. When he made her lay down he started rubbing the knife around on her breast. I don't remember when she took her top off but when he put her on the ground, she didn't have it on. David was telling her he was going to get his and he was going to get even with them. He handed me the knife and told me to go get the dude (the boy) and bring him over there that he was going to make him watch. I went and got the boy and brought him back to where David was. David told him, "I told you I would get even with you." David was already on top of her having sex with her. After he finished he got up and he told me to go ahead. I handed him the knife and I got down on the girl and had sex with her. David was talking to the boy but I don't remember what he said. David took the boy and walked back over in the direction of the car. When I got through, I told the dark haired girl not to get up. David and Gilbert were standing outside the car. I walked over to the car and David said the blonde was in the car. David and Gilbert walked over to the dark haired girl. I noticed that the boy was standing up against a tree and at the time I figured that they had tied him to the tree to keep him from running off. I got in the car with the blonde. She didn't have any

clothes on. She said, "Don't hurt me" and I told her that I wouldn't, that after all this was over she wouldn't see me again. I had sex with her. When I was getting out of the car, David came over. It was getting pretty dark by now. I could only see images of the different people there in the woods. I walked to the front of the car and David got in with the blonde. I could hear him talking to her but couldn't understand what he said. I could see Gilbert over by the dark haired girl. I noticed that the boy was ^{Sitting A.M.} standing by the tree and had his head bent down. It looked like there was a stain on his shirt and he wasn't moving. I thought maybe he was dead. Gilbert started over to where I was and David came out and told Gilbert to go stay with the blonde. David and I walked over to the dark haired girl. He knelt down beside her and said, "Now I'm going to get even with you." He was rubbing the knife on her. She was saying don't hurt me. He brought the knife back and stabbed her. She tried to scream but just made a moaning sound. He stabbed her again and there was a lot of blood. He looked over at me and said we're all in this together. We don't need anybody talking. He handed me the knife and I said, "Man, you didn't have to stab'em," and he said, "I had to show'em." She kind of moved and he said, "Go ahead." I stabbed her and the knife went in all the way. She moved and David told her she should have known better than to mess with Lucky, Lucky always gets even. When he said that, I thought he was talking about me. I didn't know anybody named Lucky. I stabbed her agains and the knife hit a bone or something. It didn't go in very far. I handed the knife back to

David and he said you didn't do it right. He bent over and put his face down on her breast. She kind of jerked. I thought he might have bit her. Then he would stab her and watch it like he was really enjoying watching the pain. He wasn't trying to finish her off.

After he got up, we walked back over to the car where Gilbert and the blonde were. Gilbert walked off in the direction of the dark haired girl. David got the blonde out and pulled her down to the ground. He told her, "Now you're going to get yours". She was pleading with him, she asked him not to hurt her. She told him he had got what he wanted. David stabbed her a couple of times and I turned and walked off. I went over to Gilbert and told him, "Man, I ain't done nothing. Let's get out of here." He said, "Just be cool, everything will be alright." I said, "Let's go." Gilbert walked over to David and I walked up the hill to look around to see if anybody had pulled up or might be watching.

When I came back, Gilbert came up to me and said we were going to leave and that David was going to stay there. He said we were going to go get his truck. When we started to get in the car, David came over and got his stick that he always carries with him. He calls it his Love Stick. He walked over to where the blonde was and when we got into the car to leave, I saw that he had the stick in between her legs and it looked like he was messing with her with the stick.

Gilbert and I left and drove out to Bosqueville where he had his truck parked. Gilbert drove his truck and I drove David's car. We took his car and parked it at him mom's house. I got in the truck with Gilbert and we went back to Kohne Park. We backed up by where we had pulled in the first time and David walked out of the woods. He walked up to me and said he had found some money and

that he had took a watch and ring. Gilbert and David went down in the woods and brought them out. I stayed by the truck. The first one they brought out was one of the girls and it looked like she was cut up more than she was when we left and I noticed that her arms weren't dangling. I thought they must have tied them up. I went over to the Pinto and got a small lid of marijuana out of the car that was on the console between the front seats. While I was reaching in the car, I touched some glasses that were on the console so I took them too so I wouldn't leave any fingerprints. When I got back to the truck they were comming out with another one. They loaded it then went back after the other one. When they had finished loading them, we got in the truck. I was in the middle and Gilbert was driving. We left the park, went up the hill toward Valley Mills, we turned off through a residential area and went over to Fish Pond Road out to Hwy 6. When we went across the twin bridges, I threw the glasses and the screwdriver, that I had out the window of the truck into the Lake. When we got to Speegeeville Park, we turned and went down a dirt road into some woods. When we stopped, I got in the back of the truck and helped unload them. We unloaded the boy first, David and Gilbert took him off aways. When David came back, he was laughing. He said when they find him, they'll freak out because he's gonna be sitting up. Then they took the other two, one at a time. It seemed like it took longer for them to take the boy off than it did the other two. When we were headed back into town, David said something about the money. I told him I didn't want any of it. They dropped me off by Melvin's Store at 18th and Alex and I did not see David or Gilbert again until we were all arrested on this case.

The above is a true and correct statement and happened in the City of Waco, McLennan County, Texas. There are 7 pages to this statement.
